

Co-funded by the Intelligent Energy Europe
Programme of the European Union

Increasing quality and trust to make Energy Performance Contracting (EPC) markets flourish across Europe

EUSEW policy conference session: 18 June 2015, 16:00 – 17:30

The conference session is organised by Transparensense in cooperation with the EASME-funded projects EESI 2020 and ICP Europe and the European associations eu.ESCO and EFIEES.

- 16:00** **Welcome by the chair and objectives of the session**
Jaroslav Maroušek, Chairman of the Board of Directors of SEVEN – The Energy Efficiency Center
- 16:05** **European EPC markets developments. What are the latest trends? How can the Code of Conduct, certification and harmonisation of EPC across the EU support the EPC markets?**
Volker Dragon, Eu.ESCO Chair
- 16:15** **Status quo of European EPC markets and existing barriers. What is needed?**
Valérie Plainemaison, EFIEES General Secretary
- 16:25** **Results of Transparensense EPC market survey and implementation of European Code of Conduct for EPC in 20 European countries**
Jana Szomolanyiova, Transparensense Project Coordinator, SEVEN
- 16:40** **EESI 2020: EPC market development on the customer side**
Laurenz Hermann, EESI 2020 Project Coordinator, BEA
- 16:50** **Investor Confidence Project (ICP) Europe to develop standard methodologies and protocols for energy efficiency projects**
Dr. Steven Fawkes, ICP Europe Senior Advisor, Founder and Principal of EnergyPro Ltd
- 17:00** **Panel discussion: EPC fortune telling. How policy actions and other initiatives could best support an increase in quality and volume of EPC markets?**
Timothée Noël, DG Energy and above speakers
- 17:30** **End of the session**
